Commissioner for Patents

This is in response to applicants' communication filed on 17 February 2004.

The election of species in the response to the restriction requirement filed on 17 February 2004 is not fully responsive to the prior Office action because applicants fail to elect a single disclosed species for R_6 since the term "therapeutic agent" is generic. It can embrace indefinite compounds known and/or unknown in the art which possess therapeutic activities, and the activities are neither disclosed. The generic term renders the elected invention to be unsearchable. Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action.

Any inquiry concerning this communication should be directed to Ba K. Trinh at telephone number (571) 272-0695.
